

# Reliable & Tailor-made

Industrial Panel PC | Touch Monitor | Industrial Box PC

# About us

TAICENN is a solution provider & manufacturer of industrial computing and display system from China mainland. We supply industrial box PC, industrial touch panel PC & industrial monitor products, which are specially designed for systems and applications that require excellent performance, high-level reliability and stability, longer supply period and support.

## ■ 2007 to 2015

Team leaders worked in different computer companies with capable experience.

## ■ 2016

TAICENN was founded in Shenzhen, focus on overseas industrial computing market;  
Positioned as a global solution provider & manufacturer of IPC products;  
Specially developed new product lines to meet overseas market features;  
Established excellent support & product standards.

## ■ 2017 to 2019

Strictly apply "Modular design & manufacturing" concept;  
Become a qualified supplier to "BOSCH" company;  
Establish partnership with Germany, France, Italy, USA, UK, Netherlands, Brazil, Australia...  
Applied "Modular 2.0" concept in design & manufacturing, customization service;  
European (Germany) branch established;  
Become a qualified supplier for "ThyssenKrupp", "Porsche";

## ■ 2020 to 2022

Become a national high-tech enterprise certificated company in China;  
Become a qualified supplier to "SIEMENS", "HONDA" companies;  
Create subsidiary brands "MAINKCO IPC" and "MAINKCO SSD" for more product ranges;

## Modular Design & Manufacturing

TAICENN optimized modular concept design & manufacturing can overcome the pain points of industrial computing hardware industry, to provide our customers quick & flexible, reliable & stable product and support, so as to create more value for industrial computing solution products.

Modularization

Standardization

Universalization

Fast-Delivery

Low Cost

Low Inventory

# Our Vision

To be a global industrial computing & Display system provider from mainland China.

# Reliable - Modular - Custom

Customized Computing Solutions

# Customize Service

-- TAICENN's Unique Advantage in the fields

**TAICENN, your last stop for customized computing solutions**

TAICENN always focus on our core values and market positioning, to create "simpler" and "more secure" values for customer's application project support. We provide excellent non-standard customize service; use leading new technologies, different levels of customize capabilities, flexible and rapid design and manufacturing, systematic service standard; and quickly solve different unique application requirements. We insist on that failure is not an option to our products.

- Simply application assessment and prototype process;
- Flexibly and quickly meet industry applications;
- Best cost-effective solutions and products;
- Positioning to the middle & high-end level market, for high reliability;
- Rich industry experience and knowledge;
- Systematic after-sales service and support.

# TPC-DCT/DRT

Slim Designed Panel PC Series

**Modular industrial Panel PC; Slim design with 2 GbE, 2 USB3.1, 2 UBS3.0, 2 COM, 1 HDMI, 1 DP, 1 AUDIO, 1 USB-C; Support 3 Expansion slot**

## Overview

The TPC-DCT/DRT series slim designed panel PCs are flagship model panel mount front IP65 rated touch Panel PC series. This industrial panel PCs have the best specification, It has fully inventory from 15.0" to 21.5" dimension, can offer both Pcap. touch and resistive touch under the same cut-out dimension.

The TPC-DCT/DRT series can be equipped with 11<sup>th</sup> Gen. Tiger Lake Core i3/i5/i7 processors. Besides, The 2-layer designed TPC-PCT/PRT series can provide more COM ports and expansion IO ports, such as CAN, GPIO...

# TPC-DCS/DRS

## Slim Designed Panel PC Series

**Slim designed Modular Industrial Panel PC with 2 GbE, 6 USB, 2 COM, 2 HDMI; Support TPM2.0 and Win11 OS; 2 Expansion slots**

### Overview

The TPC-DCS/DRS are modular concept designed & manufactured, panel mount HMI industrial touch panel PCs series. This slim industrial panel PCs are fully inventory from 10.4" to 21.5" dimension, can offer both 10 points Pcap. touch and 5-wires resistive touch under the same cut-out dimension.

The TPC-DCS/DRS series support TPM2.0 and WIN11 OS, can be equipped with Intel Apollo Lake J3455, Intel Whiskey Lake Celeron, Core i3/i5/i7 processors, Intel Elkhart Lake J6412 and Intel 11<sup>th</sup> Gen. Tiger Lake Celeron, Core i3/i5/i7 processors.

215 (21.5", FHD 1920*1080)					

**Note:** [1] 10.1" only supports J6412 platform with 1 COM port; [2] [3] 10.4" and 12.1" dimensions have one less COM port; 10.4" and 12.1" dimensions don't support i3/i5/i7 CPUs.

# TPC-DCM/DRM

Slim Designed Panel PC Series

**Slim designed Modular industrial touch Panel PC with 2 GbE, 4 USB, 2 COM, 1 HDMI; Support 1 Mini-PCle Expansion slot**

## Overview

The TPC-DCM/DRM are modular concept designed & manufactured, panel mount industrial touch Panel PCs series. This slim industrial panel PCs are fully inventory from 10.4" to 21.5" dimension, can offer both 10 points Pcap. touch and 5-wires resistive touch under the same cut-out dimension.

The TPC-DCM/DRM series can be equipped with Intel Baytrail J1900 quad-core CPU, Intel Apollo Lake J3455, Whiskey Lake Core i3/i5/i7 processors.

# TPC-PCS/PRS

Rich IO configured Panel PC Series

**Modular industrial touch panel PC; Rich IO with 2 GbE, 6 USB, 6 COM, 2 HDMI; Support TPM2.0 and Win11 OS; 2 Expansion slots**

## Overview

The TPC-PCS/PRS are modular concept designed & manufactured, panel mount industrial HMI touch panel PC series. This rich IO industrial panel PCs are fully inventory from 10.4" to 21.5" dimension, can offer both 10 points Pcap. touch and 5-wires resistive touch under the same cut-out dimension.

The TPC-PCS/PRS series support TPM2.0 and WIN11 OS, can be equipped with Intel Apollo Lake J3455, Intel Whiskey Lake Celeron, Core i3/i5/i7 processors, Intel Elkhart Lake J6412 and Intel 11<sup>th</sup> Gen. Tiger Lake UP3 Celeron, Core i3/i5/i7 processors.

# TPC-RCS/RRS

Standard Rackmount Panel PC Series

**19.0 inch Rack mount Panel PC with  
2 GbE, 4 USB3.0, 3 COM, 2 HDMI,  
1 Line-out; Support 2 M.2 slots**

## Overview

TAICENN TPC-RCS/RRS series Panel PC is 19.0-inch rack mount touchscreen HMI system for machinery and industrial cabinet applications. This category rack mount Panel PC are available with Intel Apollo Lake, Intel 8<sup>th</sup> Gen. Whiskey Lake, Intel Elkhart lake J6412 and Intel 11<sup>th</sup> Gen. Tiger Lake UP3 Processors for different computing performance. Its basic IO specification and helpful optional expansions meet computing tasks according to their industrial needs.

Multiple Ethernets Box PC Series

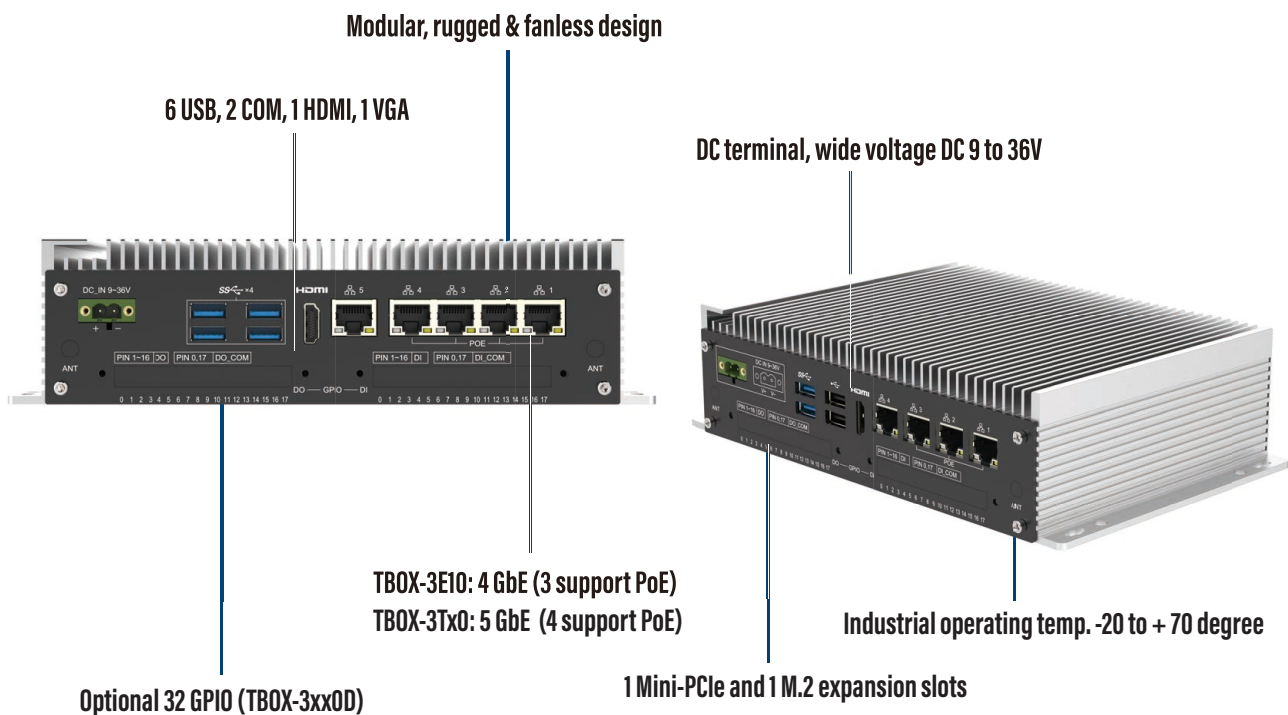

Intel rugged industrial Box PC with  
PoE ports, 6 USB, 2 COM, 1 HDMI, 1 VGA;  
1 Mini-PCle & 1 M.2 expansion slots;

## Overview

The TBOX-3xx0 is modular designed & manufactured, multiple ethernet ports rugged box PC series. It delivers rich IO interfaces with PoE ports, 6 USB, 2 COM, 1 HDMI, 1 VGA and 32 GPIO (optional) ports. Also, The TBOX-3xx0 optional support 3G/4G/LTE, Wi-Fi/BT and other industrial modules via 1 internal Mini-PCle and 1 M.2 slots.

The rugged computer TBOX-3xx0 can be equipped with Intel J6413 and Intel 11<sup>th</sup> Gen. Celeron, Core i3/i5/i7 CPUs, providing high computing to satisfy industrial requirements. Moreover, it supports industrial wide temp. range -20 to +70C degree, suitable for machine vision and industrial network projects.

## Features

## Ordering Information

### ■ TBOX-3E10

Intel Elkhart Lake J6413 processor, 4 Gb E (3 PoE), 2 USB3.0, 4 USB2.0, 2 COM, 1 HDMI, 1 VGA, 1 Mini-PCle, 1 M.2 slot, DC 9 to 36V, PSU

### ■ TBOX-3E10D

Intel Elkhart Lake J6413 processor, 4 GbE (3 PoE), 2 USB3.0, 4 USB2.0, 2 COM, 1 HDMI, 1 VGA, 32 GPIO, 1 Mini-PCle, 1 M.2 slot, DC 9 to 36V, PSU

### ■ TBOX-3T00 | TBOX-3T10 | TBOX-3T20 | TBOX-3T30

Intel Celeron 6305E | Core i3-1115G4 | Core i5-1135G7 | Core i7-1165G7 processors, 5 GbE (4 PoE), 4 USB3.0, 2 USB2.0, 2 COM, 1 HDMI, 1 VGA, 1 Mini-PCle, DC 9 to 36V, PSU

### ■ TBOX-3T00D | TBOX-3T10D | TBOX-3T20D | TBOX-3T30D

Intel Celeron 6305E | Core i3-1115G4 | Core i5-1135G7 | Core i7-1165G7 processors, 5 GbE (4 PoE), 4 USB3.0, 2 USB2.0, 2 COM, 1 HDMI, 1 VGA, 32 GPIO, 1 Mini-PCle, DC 9 to 36V, PSU

# TBOX-4xx1

Multiple Expansions Box PC Series

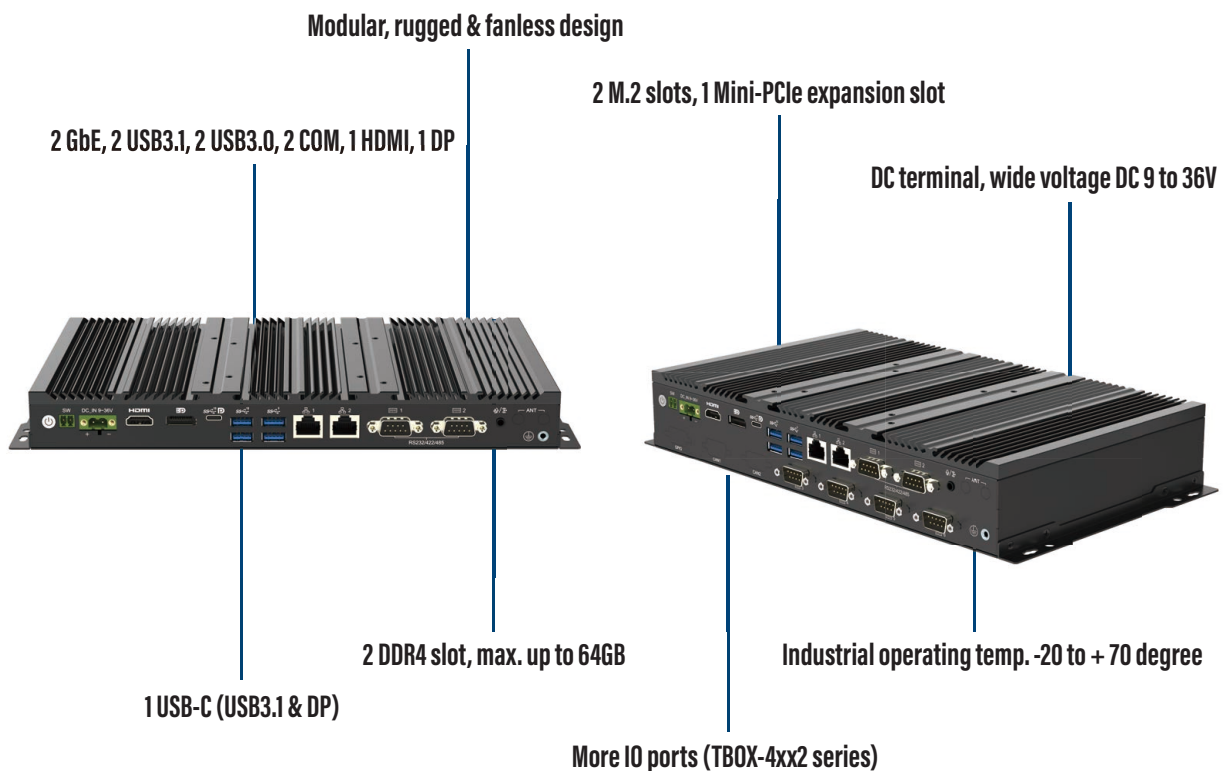

**Modular Box PC; Slim design with 2 GbE,  
2 USB3.1, 2 USB3.0, 2 COM, 1 HDMI, 1 DP,  
1 AUDIO, 1 USB-C; Support 3 Expansion slot**

## Overview

The multiple expansions Box PC series is a powerful performance Box PC, can be equipped with newest Intel 11<sup>th</sup> Gen. Tiger Lake UP3 platforms. It delivers abundant IO ports together with wide voltage DC 9~36V power input to satisfy industrial and embedded application requirements. TBOX-4xx1 series supports flexible modules expansions, including 2x fast M.2 Key slots and 1x Mini-PCIe slot for specific requested industrial projects.

Besides TBOX-4xx1 series, the other TBOX-4xx2 series design with more IO ports for requested industrial requirements.

# TAICENN Industrial Monitor

# TM

## Multiple signal Touch Monitor

**TM-PCA/PRA Series:** Panel mount & VESA mount;  
Front IP65 protection; Multiple signal inputs: 1 HDMI, 1 DP, 1 DVI, 1 VGA

## Dual signal Touch Monitor

**TM-PC/PR Series:** Panel mount & VESA mount;  
Front IP65 protection; Dual signal inputs: 1 DVI, 1 VGA

# TM-PCA/PRA

Multiple signals Touch Monitor Series

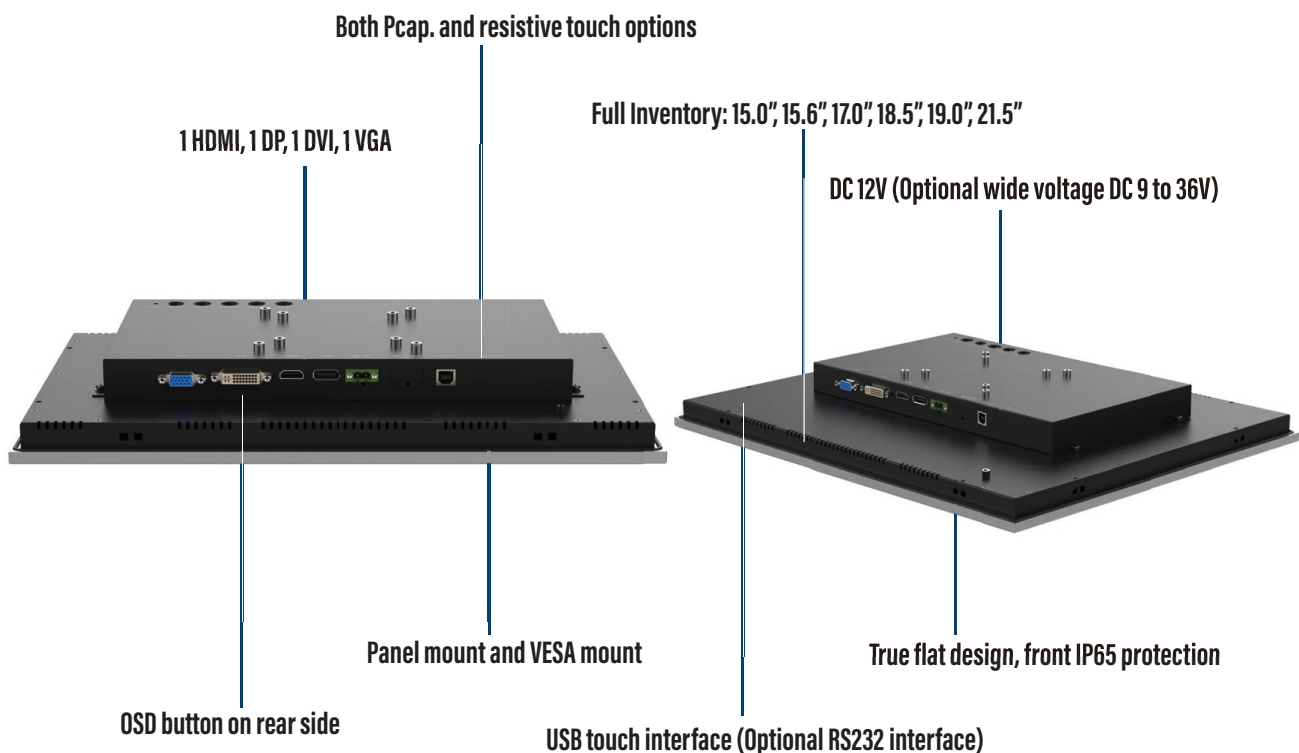

**Industrial Panel mount touch monitor with multiple signal inputs: 1 HDMI, 1 VGA, 1 DP 1 DVI; Front IP65 protection; VESA mount**

## Overview

The TM-PCA/PRA are modular concept designed & manufactured, panel mount industrial HMI touch monitor series. This true flat industrial monitor are fully inventory from 15.0" to 21.5" dimensions, can offer both 10 points Pcap. touch and 5-wires resistive touch under the same cut-out dimension.

The TM-PCA/PRA series design with multiple signal inputs, include 1 HDMI, 1 DP, 1 DVI, 1 VGA. Its power input is DC 12V, optional with wide voltage DC 9 to 36V; This front IP65 industrial monitor is optional with RS232 touch interface, and high brightness 1000 nits for outdoors applications.

## Features

## Selecting Guide

TM - PCA 215			
TAICENN Monitor	Touch Type	Dimension & Resolution	IO & Description
TM	PCA (Pcap.)	150 (15.0", XGA 1024*768) 156 (15.6", WXGA 1366*768) 156H (15.6", FHD 1920*1080) 170 (17.0", SXGA 1280*1024) 185 (18.5", WXGA 1366*768)	1 HDMI, 1 DP, 1 DVI, 1 VGA, 1 USB, DC 12V
	PRA (Resistive)	185H (18.5", FHD 1920*1080) 190 (19.0", SXGA 1280*1024) 215 (21.5", FHD 1920*1080)	

# TM-PC/PR

Dual signals Touch Monitor Series

**Industrial Panel mount touch monitor  
with dual signal inputs: 1 VGA, 1 DVI;  
Front IP65 protection; VESA mount**

## Overview

The TM-PC/PR are modular concept designed & manufactured, panel mount industrial HMI touch monitor series. This true flat industrial monitor are fully inventory from 10.4" to 21.5" dimensions, can offer both 10 points Pcap. touch and 5-wires resistive touch under the same cut-out dimension.

The TM-PC/PR series design with dual signal inputs, include 1 DVI, 1 VGA. Its power input is DC 12V, optional support wide voltage DC 9 to 36V; This front IP65 industrial monitor is optional support RS232 touch interface, and high brightness 1000 nits for outdoors applications.
